T&T launches “Mom’s Choice” -- Convenient Meal Solution for All

Despite the ambience of fancy restaurant dinners or the fun from dine-out nights, nothing compares to the meticulous care and love we find in our moms’ delicious home meals. Because of this, T&T has especially launched a new brand “**Mom’s Choice**” where popular home dishes and soups, and hard to make, time-consuming Asian dishes are transformed into ready-to-serve, microwaveable dishes.

These convenient meal solutions bring good news for the time-pressed or those who are not savvy at cooking. Multiple product lines are now available, including the highly popular “Home Meal Series”, “Marinated Meat Series”, and “Steamed Bun Series”. These products are all GMP certified and made with quality ingredients.

Selected Asian Favourites

Four Asian favourites can be found under **Mom’s Choice Home Meal Series -- Japanese Curry Beef, Stewed Pork Belly with Salted Mustard Green, Stewed Oxtail in Tomato Sauce and Stewed Minced Pork & Mushroom**. Made with choice ingredients, these products save you time and all the preparation work. Simply microwave and a delicious meal is ready within minutes.

There are also three products under **Mom’s Choice Marinated Meat Series – Pork Bulgogi, Beef Bulgogi, Spicy Pork Bulgogi** where you can stir fry tender, Korean-style marinated beef or pork with some vegetables to make a delicious savoury dish.

Or you can try our **BBQ Pork Steamed Buns, Minced Pork Steamed Buns, Chives & Minced Pork Steamed Buns** or **Minced Chicken Steamed Buns** under **Mom’s Choice Steamed Buns Series**. You will find that there is 66% more filling than other brands. Whether you steam or microwave the buns, you will find the buns are still soft and moist, thanks to the no-moisture loss packaging.

Mom’s Choice products are now available in all T&T and Osaka stores in BC. For more details, please visit our stores or www.TnTsupermarket.com
